About Us

AuditMySchool is India's first AI-powered School Audit & Growth Consultancy Platform designed to transform schools into high-performing, future-ready institutions. We combine the power of data, domain expertise, and strategic mentorship to uncover gaps, drive excellence, and elevate school standards across academic, operational, and reputational domains.

Our proprietary framework assesses schools across 111 performance indicators spanning 17 core areas—from academics and infrastructure to staff efficiency, compliance, digital readiness, and parent perception. Every audit culminates in a detailed 150+ page report, SWOT analysis, bench marking metrics, and a customized 1–2 year roadmap for sustainable improvement.

Whether you're a new school seeking structured systems, a reputed institution aiming for NEP 2020/NCF 2023 alignment, or a group of schools ready to scale, AuditMySchool is your strategic partner in institutional

Core Features

COMPREHENSIVE 360° AUDIT FRAMEWORK

AuditMySchool conducts a holistic school audit, unlike others who only focus on academics or finances. Our framework includes academic performance, teaching quality, infrastructure, operations, safety, digital presence, parent satisfaction, and more — offering a complete picture of the school's health.

CUSTOMIZED & CONTEXTUAL AUDITS

Each school is unique — and so is our audit approach. We tailor the audit parameters based on your school's board (CBSE, ICSE, State), size, culture, vision, and location. No copy-paste reports. Just real, relevant insights.

PRE-AUDIT READINESS & POST-AUDIT MENTORSHIP

We provide a detailed audit readiness checklist before the process begins, and after the audit, we offer mentoring support with a 30-60-90 day improvement plan. Most other firms stop at reporting — we help you implement.

TRUSTED, CONFIDENTIAL & ETHICAL PROCESS

All audits are conducted under a strict Non-Disclosure Agreement (NDA). Your data is 100% safe and never shared. Our ethical, unbiased approach ensures transparency and trust at every level.

EXPERIENCED SCHOOL LEADERS AS AUDITORS

Our audits are conducted by educationists, ex-principals, inspectors, and certified school consultants — professionals who understand the ground realities of running schools, not just auditors with theoretical knowledge.

Transparent & Affordable Pricing

AuditMySchool offers clearly defined pricing models based on school size and requirements — with no hidden costs. Value-for-money packages ensure quality insights at a sustainable cost.

Proven Results Across Schools

Over 80% of the schools audited by AuditMySchool have seen measurable improvements in student outcomes, staff performance, and parent satisfaction within 3 months of audit implementation.

Stakeholder-Friendly Communication

From structured parent surveys to WhatsApp-ready infographic summaries, we ensure key stakeholders remain informed, involved, and inspired.

More Than an Audit — A Growth Partner

We don't just audit schools—we empower them to grow. AuditMySchool becomes your partner in building reputation, quality, compliance, and community trust.

STAKEHOLDER-FRIENDLY COMMUNICATION
