SOLVENT EXCEPT
TRICHLOROETHYLENE

DRY FLAT

Born of humble beginnings in the year 1984, the group today is a business giant with over 10,000 employees and aims to achieve a billion dollar turnover by 2020.

The Group has more than 240,000 spindles and 3000 rotors for producing PV dyed yarn, cotton and OE yarn with an enviable reputation for quality, which is underlined by its ISO 9001:2008 certification. The Group is the largest producer of PV dyed yarn in Asia at single location. The Group is a forerunner in manufacturing ready to stitch fabric with the annual capacity to produce 30 million meters of fabric and 40 million meters of denim.

Charting a steady growth path, Sangam Group has diversified into infrastructure, power, steel and recently the seamless garment industry. The Group has introduced seamless garment manufacturing facility with 36 seamless knitting machine with capacity to produce 3.6 million pieces per annum. Apart from the activities which Sangam has carried out to be where it currently is, the company firmly believes that its contribution to society plays an important role in its growth too. Operating a 100 bed multi specialty hospital for the societies. Running an University with world class infrastructure facilities. Recycling and harvesting water across all the company facilities.

Uniforms play an important part in a child's life and identity and a good uniform always reflects positively on the school's image. Brighter Uniforms means Brighter kids, hence, today more and more schools expect their uniforms to be as bright as their school children.

We at Aditya Birla Group are breaking new ground in the school uniform category with Spunshades, a complete spectrum of uniform fabrics from the house of Liva – a trusted name in viscose staple fibre bringing nature and science together.

Why is Spunshades the No. 1 choice for schools today?

Colour-Lock Technology

Colour lock technology infuses colour pigments into the fibre during the manufacturing process such that colour gets locked inside the fibre to avoid colour loss during home laundering.

Most Uniform of Uniforms

The innovative dope-dyed technology ensures uniformity of shades batch after batch, as compared to conventional ways of dyeing.

Extensive Colour Range

A complete spectrum of uniform shades that allows you to create thousands of uniform designs.

Supreme Comfort

Uniforms crafted with Spunshades fabrics are soft, breathable and highly absorbant, providing school children supreme comfort all day long.
